A PROPOS DE MOI

Après une scolarité en tant que candidat libre au baccalauréat français et au US High School Diploma, j'ai poursuivi des études supérieures en médecine dentaire à Madrid en section internationale. Au cours de l'année, mes souhaits concernant mes études, et plus largement ma vie future, se sont précisés. Aujourd'hui j'aspire à poursuivre mon engagement humaniste en réalisant mes études supérieures dans le milieu vidéo-ludique et plus particulièrement dans le « Game design ».

ABOUT ME

After studying as a private candidate for the French baccalaureate and the US High School Diploma, I continued my higher education in dentistry abroad. During the year I realized what I wanted to do in terms of study and in life. Today I want to continue my humanist commitment as well as my hobbies by completing my higher education in the video game industry.

SOBRE MI

Después de haber preparado el bachillerato francés y el diploma de secundaria estadounidense como candidato libre, continué mis estudios superiores en odontología en el extranjero. Esta experiencia me permitió adquirir una visión más clara de mis aspiraciones académicas y personales. Durante el transcurso del año, tomé plena conciencia de la dirección que deseaba seguir tanto en el ámbito académico como en mi proyecto de vida. Actualmente, me gustaría continuar con mi compromiso humanista, al tiempo que cultivo mis intereses personales, orientando mi formación superior hacia un sector que me apasiona profundamente: la industria de los videojuegos.

Titouan has made a very positive impression in the short time he has been with us. His confidence in his use of English has progressed and he is much keener to speak out loud than in his first weeks with us. He has been hardworking and organised in all of his subject areas. He has shown a great flair with his art work and has been keen to attend extra clubs to develop in these areas. I wish Titouan all the best with his studies back in France.

Tutor: Mr S Boxall

Effort grades range from 1 (regularly exceeds expectations) to 4 (frequently below expectations).
Attainment grades range from A (consistently achieving above the expected level) to D (regularly below this level).

Chers Parents,

C'est avec un grand plaisir que **je partage avec vous l'annonce de l'obtention du label international Eco School**, pour la deuxième année consécutive.

J'ai eu la chance de travailler avec vos enfants, qui en tant qu'éco délégués, et en dépit des circonstances sanitaires défavorables, ont sensibilisé leurs camarades à l'importance des gestes eco-citoyens.

Par ailleurs, vous pourrez vous procurer très prochainement le Yearbook dans lequel figurent les "temps forts" de cette labellisation.

Merci pour votre précieuse collaboration.
